ENGINEERING GEOLOGY
www.elsevier.com/locate/enggeo

Subject Index Volume 68, 2003

Aerial photogrammetry
DEM; Ortho-rectification; Landslide 123
Apennines
Landslides; GPS; Digital photogrammetry; Real-time monitoring; DEM 103
Asphalt pavement
Freeze–thaw cycles; Ground temperature; Permafrost; Roadbed stability; Thaw-settlement 387

Back analysis
Chi-Chi earthquake; Landslide; Probability analysis 237
Bearing capacity
Engineering-geological model; Ground settlement; Liquefaction 171

Chi-Chi earthquake
Landslide; Back analysis; Probability analysis 237
Landslide; Rockslide-avalanche; Weathering; Mass rock creep 259
Colorado
Slumgullion; Landslide; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67

Dam
Seepage; Karstic limestone; Grouting; Treatment 159
DEM
Landslides; GPS; Digital photogrammetry; Real-time monitoring; Apennines 103
Aerial photogrammetry; Ortho-rectification; Landslide 123
Deterioration
Durability; Ignimbrite; Midas monument; Tuff; Weathering 201
Digital photogrammetry
Landslides; GPS; Real-time monitoring; DEM; Apennines 103
Diversion tunnel
Highly weathered tuff; FEM; GSIA; Support capacity 319
Durability
Deterioration; Ignimbrite; Midas monument; Tuff; Weathering 201

Egnatia highway
Wedges; Tunnels 361
Engineering-geological model
Bearing capacity; Ground settlement; Liquefaction 171
Excavation
Stress; Joints; Shear; Gravity 397
Extensometer
Slumgullion; Landslide; Colorado; GPS; Monitoring; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67

FEM
Diversion tunnel; Highly weathered tuff; GSIA; Support capacity 319
Finite element analysis
Rock mass characterization; Rock and soil slope stability; Tunnel stability 141
Foliated granite
Image analysis; Foliation index; Los Angeles test method 275
Foliation index
Image analysis; Los Angeles test method; Foliated granite 275
Freeze–thaw cycles
Asphalt pavement; Ground temperature; Permafrost; Roadbed stability; Thaw-settlement 387

GIS
Infinite-slope analysis; Landslide; Slope failure probability; Monte Carlo method 373
GPS
SAR interferometry; Landslide monitoring; Ground surface deformation 31
Slumgullion; Landslide; Colorado; Extensometer; Mon-

itoring; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67
Landslides; Digital photogrammetry; Real-time monitoring; DEM; Apennines 103
Gravity
Excavation; Stress; Joints; Shear 397
Ground settlement
Engineering-geological model; Bearing capacity; Liquefaction 171
Ground surface deformation
SAR interferometry; GPS; Landslide monitoring 31
Ground surface motion
SAR interferometry; Landslide 53
Ground temperature
Asphalt pavement; Freeze–thaw cycles; Permafrost; Roadbed stability; Thaw-settlement 387
Grouting
Seepage; Dam; Karstic limestone; Treatment 159
GSIA
Diversion tunnel; Highly weathered tuff; FEM; Support capacity 319

Highly weathered tuff
Diversion tunnel; FEM; GSIA; Support capacity 319

Ignimbrite
Deterioration; Durability; Midas monument; Tuff; Weathering 201
Image analysis
Foliation index; Los Angeles test method; Foliated granite 275
Microstructure; Slip zone; Shear behavior; Kinematics 289
Infinite-slope analysis
Landslide; Slope failure probability; GIS; Monte Carlo method 373

Joints
Excavation; Stress; Shear; Gravity 397

Karstic limestone
Seepage; Dam; Grouting; Treatment 159
Killari earthquake
Site amplification; Spectral ratios; Latur region 251
Kinematics
Microstructure; Slip zone; Image analysis; Shear behavior 289

Laboratory tests
Slope stability; Modeling; Laterite; Tropical soil 189
Landslide
Remote sensing; Monitoring; Radar 15
SAR interferometry; Ground surface motion 53
Slumgullion; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67
Aerial photogrammetry; DEM; Ortho-rectification 123
Chi-Chi earthquake; Back analysis; Probability analysis 237
Chi-Chi earthquake; Rockslide-avalanche; Weathering; Mass rock creep 259
Infinite-slope analysis; Slope failure probability; GIS; Monte Carlo method 373
Landslides
Permanent Scatterers Technique; Synthetic aperture radar interferometry; Tectonics; Monitoring 3
GPS; Digital photogrammetry; Real-time monitoring; DEM; Apennines 103
Multifractal; Self-Organized Criticality; Rif mountains; Morocco 353
Landslide monitoring
SAR interferometry; GPS; Ground surface deformation 31
Laterite
Slope stability; Modeling; Tropical soil; Laboratory tests 189
Latur region
Site amplification; Spectral ratios; Killari earthquake 251
Liquefaction
Engineering-geological model; Bearing capacity; Ground settlement 171
Loess
Loess-like deposits; Russian language loess studies; Loess in Former Soviet Union; Loess engineering problems; Loess collapsibility; Loess distribution 333
Loess collapsibility
Loess; Loess-like deposits; Russian language loess studies; Loess in Former Soviet Union; Loess engineering problems; Loess distribution 333
Loess distribution
Loess; Loess-like deposits; Russian language loess studies; Loess in Former Soviet Union; Loess engineering problems; Loess collapsibility 333
Loess engineering problems
Loess; Loess-like deposits; Russian language loess studies; Loess in Former Soviet Union; Loess collapsibility; Loess distribution 333
Loess in Former Soviet Union
Loess; Loess-like deposits; Russian language loess studies; Loess engineering problems; Loess collapsibility; Loess distribution 333

Loess-like deposits
Loess; Russian language loess studies; Loess in Former Soviet Union; Loess engineering problems; Loess collapsibility; Loess distribution 333
Los Angeles test method
Image analysis; Foliation index; Foliated granite 275

Mass rock creep
Chi-Chi earthquake; Landslide; Rockslide-avalanche; Weathering 259
Microstructure
Slip zone; Image analysis; Shear behavior; Kinematics 289
Midas monument
Deterioration; Durability; Ignimbrite; Tuff; Weathering 201
Modeling
Slope stability; Laterite; Tropical soil; Laboratory tests 189
Monitoring
Permanent Scatterers Technique; Synthetic aperture radar interferometry; Landslides; Tectonics 3
Landslide; Remote sensing; Radar 15
Slumgullion; Landslide; Colorado; GPS; Extensometer; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67
Monsoon
Slumgullion; Landslide; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Rainfall; Pore pressure 67
Monte Carlo method
Infinite-slope analysis; Landslide; Slope failure probability; GIS 373
Morocco
Multifractal; Landslides; Self-Organized Criticality; Rif mountains 353
Multifractal
Landslides; Self-Organized Criticality; Rif mountains; Morocco 353

Ortho-rectification
Aerial photogrammetry; DEM; Landslide 123

Permafrost
Asphalt pavement; Freeze–thaw cycles; Ground temperature; Roadbed stability; Thaw-settlement 387
Permanent Scatterers Technique
Synthetic aperture radar interferometry; Landslides; Tectonics; Monitoring 3
Pore pressure
Slumgullion; Landslide; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Rainfall; Monsoon 67
Pressuremeter
Shear modulus; Silica sand; Stiffness 225
Probability analysis
Chi-Chi earthquake; Landslide; Back analysis 237

Radar
Landslide; Remote sensing; Monitoring 15
Rainfall
Slumgullion; Landslide; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Monsoon; Pore pressure 67
Real-time monitoring
Landslides; GPS; Digital photogrammetry; DEM; Apennines 103
Remote sensing
Landslide; Monitoring; Radar 15
Rif mountains
Multifractal; Landslides; Self-Organized Criticality; Morocco 353
Roadbed stability
Asphalt pavement; Freeze–thaw cycles; Ground temperature; Permafrost; Thaw-settlement 387
Rock and soil slope stability
Rock mass characterization; Tunnel stability; Finite element analysis 141
Rock mass characterization
Rock and soil slope stability; Tunnel stability; Finite element analysis 141
Rockslide-avalanche
Chi-Chi earthquake; Landslide; Weathering; Mass rock creep 259
Russian language loess studies
Loess; Loess-like deposits; Loess in Former Soviet Union; Loess engineering problems; Loess collapsibility; Loess distribution 333

SAR interferometry
GPS; Landslide monitoring; Ground surface deformation 31Landslide; Ground surface motion 53
Seasonal movement
Slumgullion; Landslide; Colorado; GPS; Extensometer; Monitoring; Snowmelt; Rainfall; Monsoon; Pore pressure 67
Seepage
Dam; Karstic limestone; Grouting; Treatment 159
Self-Organized Criticality
Multifractal; Landslides; Rif mountains; Morocco 353
Shear
Excavation; Stress; Joints; Gravity 397
Shear behavior
Microstructure; Slip zone; Image analysis; Kinematics 289

Shear modulus
Pressuremeter; Silica sand; Stiffness 225
Silica sand
Shear modulus; Pressuremeter; Stiffness 225
Site amplification
Spectral ratios; Latur region; Killari earthquake 251
Slip zone
Microstructure; Image analysis; Shear behavior; Kinematics 289
Slope failure probability
Infinite-slope analysis; Landslide; GIS; Monte Carlo method 373
Slope stability
Modeling; Laterite; Tropical soil; Laboratory tests 189
Slumgullion
Landslide; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Snowmelt; Rainfall; Monsoon; Pore pressure 67
Snowmelt
Slumgullion; Landslide; Colorado; GPS; Extensometer; Monitoring; Seasonal movement; Rainfall; Monsoon; Pore pressure 67
Spectral ratios
Site amplification; Latur region; Killari earthquake 251
Stiffness
Shear modulus; Pressuremeter; Silica sand 225
Stress
Excavation; Joints; Shear; Gravity 397
Support capacity
Diversion tunnel; Highly weathered tuff; FEM; GSIA 319
Synthetic aperture radar interferometry
Permanent Scatterers Technique; Landslides; Tectonics; Monitoring 3

Tectonics
Permanent Scatterers Technique; Synthetic aperture radar interferometry; Landslides; Monitoring 3
Thaw-settlement
Asphalt pavement; Freeze–thaw cycles; Ground temperature; Permafrost; Roadbed stability 387
Treatment
Seepage; Dam; Karstic limestone; Grouting 159
Tropical soil
Slope stability; Modeling; Laterite; Laboratory tests 189
Tuff
Deterioration; Durability; Ignimbrite; Midas monument; Weathering 201
Tunnels
Wedges; Egnatia highway 361
Tunnel stability
Rock mass characterization; Rock and soil slope stability; Finite element analysis 141

Weathering
Deterioration; Durability; Ignimbrite; Midas monument; Tuff 201
Chi-Chi earthquake; Landslide; Rockslide-avalanche; Mass rock creep 259
Wedges
Tunnels; Egnatia highway 361
